

# Combustible Cladding Deadline

## 22.02.19

Following the tragic fire at the Grenfell Tower in London in 2017 and the fire at the Lacrosse Building in Melbourne in 2014, new laws have been made for buildings with combustible cladding.

Under the Regulation, owners of certain buildings with external combustible cladding are required to register their building with the NSW Government through the simple, user friendly NSW [Cladding Registration](#) portal.

To avoid missing the deadline register [here now](#).
