

Help has Arrived: New COVID-19 Strata Regulations

On Friday, 5 June 2020 new COVID-19 strata regulations commenced.

These regulations introduce four key changes that will affect strata managers, owners corporations, community associations, precinct associations and neighbourhood associations across New South Wales.

The new regulations make it easier for strata managers to convene and hold general meetings and committee meetings.

The new regulations will also enable documents to be signed by strata managers remotely and without having the seal affixed to them.

The new regulations also extend certain time periods for things to be done.
